James,

After reviewing the bid for reroofing of the kitchen area at Y.C.D.F. I would recommend Empire roofing be awarded the bid.

The project is far below the budgeted amount of \$140,000 and they presented excellent options to extend the life of the roof.

I would recommend that the award include these options to help extend the life of the roof for a total cost to the county of \$69,275.00.
